Filed:	6 May 2005	Date:	June 30, 2005

**PETITION TO CORRECT UNDER 37 CFR 1.182**

This petition is in response to the Communication of 20 June 2005. As noted in the Communication, two sets of papers were filed in the US Patent and Trademark Office as National Stage applications of PCT/JP03/14218. One set of papers is identified with the attorney docket number 200303.00008 and the other with attorney docket number 200303.00010. The Communication further required the filing of the current petition with a designation of the particular set of papers that will continue to be prosecuted under 35 U.S.C. § 371 and an indication of whether the remaining papers should be treated as an application filed under 35 U.S.C. § 111(a). In response, the Applicants petition for the following application to continue to be treated under 35 U.S.C. § 371 as follows:

U.S. Application No.:	10/534,100
PCT Application No.:	PCT/JP03/14218
International Filing Date:	07 November 2003
Priority Date Claimed:	08 November 2002
Attorney Docket No.:	200303.00008

Please treat the remaining set of papers, identified with Attorney Docket No. 200303.00010, as an application filed under 35 U.S.C. § 111(a), claiming priority from Japanese Patent Application No. 2004-378308 under 35 U.S.C. § 119(a). It should be noted that this later application was filed on May 6, 2005 with a declaration that correctly claimed priority from Japanese Application Number 2004-378308 under 35 U.S.C. § 119. Only the transmittal letter incorrectly indicated that the application was filed under 35 U.S.C. § 371. Therefore, the remaining application should be treated as an application filed under 35 U.S.C. § 111(a) as follows:

U.S. Application No.:	10/533,918
Priority claim:	JP 2004-378308
Filing Date/Priority Date Claimed:	27 December 2004
Attorney Docket No.:	200303.00010

A check in the amount of \$400.00 is enclosed in satisfaction of the petition fee. However, in the event that a fee for the filing of this petition is insufficient, the Commissioner is authorized to charge any fee deficiency or to credit any overpayment to Deposit Account 15-0450.

Respectfully submitted,
